**Garbage**

Village garbage and recycling carts should be used as your primary receptacles for garbage and recycling collection. Using the carts properly helps keep collection costs lower for our community.

**General Garbage Guidelines**
- Bag your garbage and place the bag into your Village garbage cart.
- Wheel your garbage cart to the curb or roadside by 6:30 a.m. on the morning of your collection day.
- Your cart should be placed 5 feet away from any obstructions (poles, cars, mailboxes, etc.) and on the opposite side of your driveway than your recycling cart.
- The cart should open towards the street.
- Garbage and recycling carts should not be placed at the roadside more than 12 hours before your collection day.
- Remove empty garbage and recycling carts from the curb within 12 hours of your collection.
- Garbage and Recycling will not be collected if it is mixed together in the same container.
- Please shovel or clear the area at the roadside during winter weather.
- Depending on your route, garbage may not be picked up until 3:00 p.m. Call 262.925.6700 if you have problems with your pick-up.

**Garbage Cart Contents**
It is illegal to place the following items in your garbage cart: lead acid batteries, white goods (see page 8), waste oil, recyclable items (at right), tires, compost, antifreeze, concrete, stone, dirt/clay (see page 11), cell phones (see page 9), hazardous or toxic materials (see page 7), and electronic devices (see page 9).

**Remodeling/Construction Debris**
More than modest amounts of construction and remodeling debris will not be collected as part of standard “unlimited” garbage collection. For larger remodeling or construction projects, residents should hire a dumpster service to handle large amounts of debris.

**Penalties**
Fees and penalties for violations have been defined in a garbage ordinance (see Chapter 292 of the municipal code). A process for notifying residents of noncompliance with the garbage and recycling guidelines has also been established.

**Options and Costs**
More information about garbage and recycling collection options and the associated costs can be found online at PleasantPrairieWi.gov or by calling 262.925.6700.

---

**Recycling**

In Wisconsin, you cannot put many recyclable or compostable items in the trash. Wisconsin’s recycling law bans the landfilling or incineration of recyclable materials to conserve valuable resources. Recycling more also helps our community save money. Due to steadily increasing landfill costs and a consistently lower cost for recycling services, the more items you recycle, the lower we can keep garbage and recycling costs for the community. Thank you to all who make an effort to recycle more.

Village recycling carts should be used as your primary receptacle for recyclables. Items on the list below should be rinsed and placed in your recycle cart for collection. As a reminder, food containers that are recyclable should be clean and free from food remnants (e.g. a pizza box is recyclable so long as any melted cheese and other food remnants are removed from the container).

**What Should Be Placed In Your Recycling Cart**
- Cardboard
- Boxboard (unlined merchandise boxes)
- Newspapers and magazines
- Catalogs, flyers, and junk mail
- Telephone and paperback books
- Untreated office papers (typing, copy or printer paper)
- Stationery, envelopes and bills
- Brown paper bags
- Clean plastic containers and bottles (marked with recyclable numbers 1-7)
- Clean glass bottles
- Clean aluminum or steel (tin) cans

Please have your recycling cart to the roadside by 6:30 a.m. on your scheduled pick-up day. An automated collection truck (with a single operator) will collect your recycling. Please face the opening of the cart towards the road and ensure that the bin is five feet away from your garbage cart and any other item or obstruction.

Questions about recycling can be directed to pw@plprairie.com, or you can reach us by phone at 262.925.6700. To learn about electronics recycling, see page 9 or visit PleasantPrairieWi.gov.
Hazardous Waste Collection

What Are Hazardous Wastes?
Household hazardous wastes are common products found in the home. People usually store these materials for a time and eventually discard the unwanted items and their containers. When products are used according to label directions, most are not hazardous. They may become hazardous, however, if you use or store them improperly. Environmental problems can arise if you dispose of products improperly. DO NOT BURN, BURY, DUMP, (in yard, toilet or down a storm sewer) or MIX leftover products. Chemical containers should not be reused for any other purpose.

How To Dispose of Hazardous Wastes
Village residents can dispose of their hazardous wastes during Household Hazardous Waste Collection. This takes place at the Kenosha County Municipal Center on Saturday, May 4. The Village also accepts hazardous waste at the Residential Recycling Center on the first Saturday of every month.

2019 Hazardous Waste Collection Dates Are:
Saturday, May 4, 2019
Kenosha County Municipal Center
Hwy 45 & Hwy 50
8:00 a.m. - 1:00 p.m.
First Saturday of each month
Residential Recycling Center
8000 128th Street
7:00 a.m. - 4:00 p.m.

You may bring any products that say: Caution, Combustible, Corrosive, Danger, Flammable, Pesticide, Poison, Reactive, Toxic or Warning. We will recycle or dispose of it in an environmentally safe manner. We are not able to accept: biological material or medical wastes, commercial waste, propane cylinders, explosives, radioactive materials, latex paint (not considered hazardous) or tires (see page 11). If you have questions about Hazardous Waste Disposal, please contact Public Works at pw@plprairie.com or 262.925.6700.

Recycling Supplement

Why Recycle
The costs associated with disposing of garbage in a landfill are substantially higher than the costs associated with recycling clean materials. This reality has an impact on and a direct relationship to the efforts of every household in our community on a daily basis. While Village staff works consciously to keep garbage and recycling costs as low as possible, this is one goal we cannot accomplish without every household’s help. Please help us keep garbage and recycling costs under control by keeping recyclable items out of the garbage stream. Wisconsin’s recycling law bans the landfilling or incineration of recyclable materials.

How to Recycle
Identify which items are recyclable (see page 6); rinse any plastic, glass, or metal recyclables and place them in your recycle bin. Recyclables are picked up every other week. To learn when your collection day is, or to order a second recycling bin, call 262.925.6700. A second recycling bin can be delivered free of charge.

Where to Learn More
To learn more or make recycling a family project, more information is available at the following websites:
- http://www2.epa.gov/recycle
- http://www.recyclemorewisconsin.org

- Windows can be no larger than 3 feet by 18 inches. Tape an “X” with heavy duty tape across the glass on both sides to prevent breakage.
- Lumber must be cut into 3-foot lengths or smaller, tied or taped into bundles, or placed in your garbage cart.

Holiday Tree Drop-off sites are for Village residential use only.
Options for Disposal of Televisions and Computers

Because it is illegal to dispose of your old televisions and computers along with your regular garbage, the Village of Pleasant Prairie offers two options to help you dispose of these items. You can choose either a curbside collection or a drop-off option. While curbside collection can sometimes be more convenient, the drop-off option offers you a cost savings. The Village has a tiered fee schedule that takes into account various television sizes and the type of television.

To Schedule a Pickup
If you would like to schedule a curbside collection for your old television or home computer, call the Department of Public Works at 262.925.6700 by noon on Thursday to schedule a pick-up for the following day, Friday. The fee associated with your pick-up will be added to your monthly Utility Bill.

These items will be scheduled for pick-up on Fridays only. If you need to reschedule for any reason, please call and cancel by noon on the Thursday prior to the scheduled collection. You will be charged for any collection canceled after 4:00 p.m. on the Thursday prior to your collection.

To Use the Drop-off Option
If you would prefer to drop off your old television or home computer at the Residential Recycling Center, simply visit the center during the hours listed on page 11. A member of the department will take your information, determine the fee associated with your particular television size and type, and direct you to the drop-off location. The fee for the items you drop off will be added to your monthly Utility Bill.

Options and Costs
For more information about your computer and television disposal options and the associated costs, please visit PleasantPrairieWi.gov or contact us at 262.925.6700. If you have questions regarding the information above, please contact the Public Works Department at pw@plprairie.com or at the number above, Monday through Friday, from 8:00 a.m. until 5:00 p.m.

Options for Disposal of Miscellaneous Electronic Items

E-Cycle Wisconsin, supported by the State’s electronics recycling law, created a program for electronics recycling that is overseen by the Department of Natural Resources (DNR). Under the law, several types of electronic devices are banned from landfills and incineration.

Items Banned from Landfills
- desktop computers
- desktop printers, including printers combined with fax machines, scanners and copiers
- video display devices of at least 7” long in the longest diagonal dimension, including TVs, laptops and computer monitors
- computer peripherals, including keyboards, mice, hard drives, scanners, speakers, flash drives, external modems and other devices
- DVD players, DVRs, VCRs and other video players
- fax machines
- cell phones

To learn more about E-Cycle Wisconsin, please visit dnr.wi.gov/ecyclewisconsin.

How to Dispose of Banned Items
Village residents needing to dispose of electronics items listed above may use the Residential Recycling Center, located at 8000 128th Street, or you may call to schedule a curbside collection. Miscellaneous electronic devices, including DVD players, DVRs, VCRs and other video players, may be dropped off at the Residential Recycling Center for a $5 fee per item. For curbside collection costs, please visit PleasantPrairieWi.gov or contact us by phone at 262.925.6700.

If you have questions regarding your electronics recycling options, please contact the Public Works Department at pw@plprairie.com or at the number above, Monday through Friday, from 8:00 a.m. until 5:00 p.m.
Residential Leaf Collection

As part of the Solid Waste Services provided to Village residents, on a seasonal basis, Village crews collect loose, unbagged leaves directly from your curb or roadside. Below at the right, you will see the 2019 leaf collection schedule. In order to have your leaves collected, please follow the steps below. The guidelines help keep leaf collection on schedule and help keep costs lower for the community.

Leaf Collection Guidelines

- See the leaf collection map at right to identify your collection zone.
- See the leaf collection schedule at right to determine your collection dates.
- Have loose leaves ready by 7:00 a.m. on your collection dates.
- To prepare your leaves, rake your loose, fallen leaves into a pile at your curb or on your roadside.
- **Leaves must be within six feet of the asphalt road to be collected.**
- Please keep leaves off the asphalt.
- For residents with curbs and gutters, please place loose leaves on the grass by the curb.
- For residents with a ditch line, please place loose leaves on the grass along the roadside of the ditch.
- Because leaves are vacuumed into the collection truck, they must be piled loose.
- Bagged leaves or grass, branches and other yard waste will not be collected.
- **Do not mix other yard waste, such as potted/garden plants or branches, into your pile of leaves. Doing so can damage the leaf collection vacuum and may cause costly delays. Leaves mixed with other yard waste will not be collected.**

Please keep in mind that though collection staff abides by the schedule at the right, there are certain circumstances that may delay collection by one or more days. These circumstances could include: unanticipated delays due to weather, emergency situations that may draw staff away from their regular duties, or damage to collection equipment which would require repair or unscheduled service.

If you miss your collection dates, yard waste can also be dropped off at the Residential Recycling Center at 8000 128th Street. For a complete schedule of Residential Recycling Center hours, please see page 11.
RESIDENTIAL RECYCLING CENTER

Hours & Options

Pleasant Prairie operates a Residential Recycling Center for Village residents. The center will be open for on-season hours between March 23 and December 7, weather permitting. The Residential Recycling Center will remain open on Saturdays between 7:00 a.m. and 4:00 p.m. throughout the off-season (December through March).

The center is easy to use, with convenient drop-off hours and options and free items for Village residents - compost, wood chips and mulch. Drop-off options can help you work around those times when you need more flexibility with your disposal options, like dropping off your garbage and recycling before you leave for a vacation. *Please note that the Residential Recycling Center is closed on the first Wednesday of each month in order to accommodate safe grinding operations.

The Residential Recycling Center is located at 8000 128th Street. When using the center, please be prepared to provide proof of residence in Pleasant Prairie. If you frequent the site, for your convenience, you can request a Residential Recycling Center sticker for your automobile window.

We all live in a watershed

Each of us can have a positive impact on the future of our local waters

While our local waters are healthier than they were a decade ago, they still face major challenges. One such challenge is non-point pollution which is carried to our rivers and lakes by stormwater and snow melt. Larger storm sewers or treatment plants won’t solve this challenge; this challenge requires community action.

Stormwater runoff is the rain and melting snow that flows off of streets, rooftops and lawns. The flowing water carries road salts, sand, soil, pesticides, fertilizers, leaves and grass clippings, oil, litter and many other pollutants into nearby waterways. Each of us contributes to stormwater pollution, and each of us can help stop it.

Here are some ways you can contribute to cleaner waters:

- Inspect your car regularly and repair oil and fluid leaks
- Take your car to the car wash or wash it on your lawn
- Mulch grass clippings, leave them on your lawn or compost them
- Clean up after your pets at home and when out-and-about
- Direct downspouts into rain barrels, your yard, or your garden
- Test your soil before you fertilize
- Plant a rain garden or a tree
- Dispose of hazardous wastes properly

Visit www.respectourwaters.org to learn how you can preserve this natural resource by attending upcoming workshops and events and by watching public service announcements.

Protect families and our water supply with medication collection

Unused pharmaceuticals kept in your home beyond their original intended use can cause harm to people if taken accidentally or intentionally misused. Drug abuse prevention forces and environmental groups encourage all of us to properly dispose of unused pharmaceuticals.

Disposing of pharmaceuticals can make them inaccessible to children or people at risk of addiction, while disposing of them correctly keeps these medications from further contaminating our drinking water supply.

- Don’t flush medications down your toilet
- Don’t dump medications down your drain
- Use medication collection sites
- Watch local news for medication collection events

A permanent medication drop box (available 24 hours a day, seven days a week) is located in the lobby of the Pleasant Prairie Police Department at 8600 Green Bay Road. A list of acceptable items is printed on the outside of the box (you may not deposit inhalers, needles or sharps in the box).

Please keep medication in its original container and cross off any personal information, leaving the name of the medication visible. You can learn more about medication collection sites throughout Kenosha County by visiting http://www.kenoshacounty.org/index.aspx?NID=314.

The Village of Pleasant Prairie is an Equal Opportunity Employer
Thank You
for your donations and involvement!

Members of InVEST would like to thank those who support and donate to the charitable drives and events hosted by InVEST and other groups throughout the year.

Each year, InVEST hosts various collection drives at Village facilities, including:
- A school supply drive
- A coat and food drive in November
- Winter Wraps for Women & Children’s Horizons
- Toys for Tots during the holidays
- A year-round clothing and textile collection box at the Residential Recycling Center

Members also participate in a Giving Tree program during the holidays. Email InVEST@plprairie.com with any questions.

InVEST, an acronym for Involved Village Employees Serving Together, is an independent entity, ruled by its own board and Executive Committee, which is comprised solely of Village employees. It collects funds through payroll deductions and then distributes these monies through Emergency and Charitable Funds. Each year, employees designate the charities that will receive support. In addition to collecting funds through payroll deduction and hosting collection drives, the group conducts small fundraisers and community service projects throughout the year. Thank you again for helping us have a larger impact in our community.
Members of the Village Board and the employees of the Village of Pleasant Prairie wish you a safe, healthy and prosperous 2019!

The residents of Pleasant Prairie are the reason for our work. We thank you for being active and engaged citizens by attending Village meetings, participating in the electoral process and providing us with constructive feedback. The collective efforts of all who live and work in the Village make Pleasant Prairie a great destination to visit, but an even better location to operate a business or make a home.

A special thank you to the residents that submitted photos to the “Animals on the Prairie” photo contest. Not only did it aid in the creation of this calendar, but it also brightened people’s days with beautiful photos when shared on Village social media channels.
