- Village facilities and relevant contacts
- Voting and elections

- The Residential Recycling Center and hazardous waste
- Leaf collection and holiday tree drop-off
- Meeting dates, special events, and annual reminders

Looking back, Pleasant Prairie faced some challenges in 2020. I am proud that the County, State, and Village worked together to mitigate the spread of COVID-19 by committing to testing, proper monitoring, and adhering to CDC guidelines. The community support that our emergency service teams received was incredible. Businesses and community members assisted in accessing masks, gloves, and sanitation materials to keep our safety staff and community protected.

I can confidently say we stayed true to our mission to promote and preserve investment in our community. 2020 was a year filled with progress and economic growth. The Historical Society, in partnership with Elizabeth J. Riley Charitable Trust, completed renovations at the historic Dublin school and opened the Pleasant Prairie History Museum to the community. Residential and commercial developers continue to approach the Village with plans for future development. Pleasant Prairie continues to grow with Nexus Pharmaceuticals and Kroger breaking ground on new facilities, and the future vision for Village Green Center.

The Village Board, staff, and community members that live and work in Pleasant Prairie aim to maintain stability and make the Village a great place to live, work, and play. Village employees strive to provide quality public services while enhancing our current and future development, infrastructure, heritage, and values.

I want to thank you for supporting the work we do in Pleasant Prairie. As a Village, we value collaboration, professionalism, quality, and vision. Please consider joining us in 2021 as an active community member by attending public meetings, volunteering for community events, exercising your right to vote, and enjoying community resources. I encourage you to take some time to enjoy the natural areas within the Village by taking a hike, biking a trail, visiting our Village parks, and relaxing by your favorite lake.

Best wishes to you and your family for a safe and happy 2021!

John Steinbrink Sr.
Village President

Garbage

Village garbage and recycling carts must be used as your primary receptacles for garbage and recycling collection. Using the carts properly helps keep collection costs lower for our community.

**General Garbage Guidelines**
- Bag your garbage and place the bag into your Village garbage cart.
- Wheel your garbage cart to the curb or roadside by 6:30 a.m. on the morning of your collection day.
- Your cart should be placed 5 feet away from any obstructions (poles, cars, mailboxes, etc.) and on the opposite side of your driveway than your recycling cart.
- The cart should open towards the street.
- Garbage and recycling carts should not be placed at the roadside more than 12 hours before your collection day.
- Remove empty garbage and recycling carts from the curb within 12 hours of your collection.
- Garbage and Recycling will not be collected if it is mixed together in the same container.
- Please shovel or clear the area at the roadside during winter weather.
- Depending on your route, garbage may not be picked up until 3:00 p.m. Call 262.925.6700 if you have problems with your pick-up.

**Garbage Cart Contents**
It is illegal to place the following items in your garbage cart: lead acid batteries, white goods (see page 8), waste oil, recyclable items (at right), tires, compost, antifreeze, concrete, stone, dirt/clay (see page 11), cell phones (see page 9), hazardous or toxic materials (see page 7), and electronic devices (see page 9).

**Remodeling/Construction Debris**
More than modest amounts of construction and remodeling debris will not be collected as part of standard “unlimited” garbage collection. For larger remodeling or construction projects, residents should hire a dumpster service to handle large amounts of debris.

**Penalties**
Fees and penalties for violations have been defined in a garbage ordinance (see Chapter 292 of the municipal code). A process for notifying residents of noncompliance with the garbage and recycling guidelines has also been established.

**Options and Costs**
More information about collection options and costs can be found online at PleasantPrairieWi.gov or call 262.925.6700.

Recycling

In Wisconsin, you cannot put any recyclable or compostable items in the trash. Wisconsin’s recycling law bans the landfilling or incineration of recyclable materials to conserve valuable resources. Recycling more also helps our community save money. Due to steadily increasing landfill costs and a consistently lower cost for recycling services, the more items you recycle, the lower we can keep garbage and recycling costs for the community. Thank you to all who make an effort to recycle.

Village recycling carts should be used as your primary receptacle for recyclables. Items on the list below should be rinsed and placed in your recycle cart for collection. As a reminder, food containers that are recyclable should be clean and free from food remnants (e.g. a pizza box is recyclable so long as any melted cheese and other food remnants are removed from the container).

**What Should Be Placed In Your Recycling Cart?**
*Do not bag your recycling.* This includes plastic recyclable and bio-degradable bags.
- Cardboard and boxboard (unlined merchandise boxes)
- Newspapers and magazines
- Catalogs, flyers, and junk mail
- Telephone and paperback books
- Untreated office papers (typing, copy or printer paper)
- Stationery, envelopes and bills
- Brown paper bags
- Clean plastic containers and bottles (marked with recyclable numbers 1-7)
- Clean glass bottles
- Clean aluminum or steel (tin) cans

Please have your recycling cart to the roadside by 6:30 a.m. on your scheduled pick-up day. An automated collection truck (with a single operator) will collect your recycling. Please face the opening of the cart towards the road and ensure that the bin is five feet away from your garbage cart and any other item or obstruction.

Questions about recycling can be directed to pw@lpprairie.com, or you can reach us by phone at 262.925.6700. To learn about electronics recycling, see page 9 or visit PleasantPrairieWi.gov.
Hazardous Waste Collection

What Are Hazardous Wastes?
Household hazardous wastes are common products found in the home. People usually store these materials for a time and eventually discard the unwanted items and their containers. When products are used according to label directions, most are not hazardous. They may become hazardous, however, if you use or store them improperly. Environmental problems can arise if you dispose of products improperly. DO NOT BURN, BURY, DUMP (in yard, toilet or down a storm sewer) or MIX leftover products. Chemical containers should not be reused for any other purpose.

How To Dispose of Hazardous Wastes
Village residents can dispose of their hazardous wastes during Household Hazardous Waste Collection. This takes place at the Kenosha County Municipal Center on Saturday, May 1. The Village also accepts hazardous waste at the Residential Recycling Center on the first Saturday of every month.

2021 Hazardous Waste Collection Dates Are:
   Saturday, May 1, 2021
   Kenosha County Municipal Center
   Hwy 45 & Hwy 50
   8:00 a.m. - 1:00 p.m.
   First Saturday of each month
   Residential Recycling Center
   8000 128th Street
   7:00 a.m. - 4:00 p.m.

You may bring any products that say: Caution, Combustible, Corrosive, Danger, Flammable, Pesticide, Poison, Reactive, Toxic or Warning. We will recycle or dispose of it in an environmentally safe manner. We are not able to accept: biological material or medical wastes, commercial waste, propane cylinders, explosives, radioactive materials, latex paint (not considered hazardous) or tires (see page 11). If you have questions about Hazardous Waste Disposal, please contact Public Works at pw@plprairie.com or 262.925.6700.

Recycling Supplement

Why Recycle?
The costs associated with disposing of garbage in a landfill are substantially higher than the costs associated with recycling clean materials. This reality has an impact on and a direct relationship to the efforts of every household in our community on a daily basis. While Village staff works consciously to keep garbage and recycling costs as low as possible, this is one goal we cannot accomplish without every household’s help. Please help us keep garbage and recycling costs under control by keeping recyclable items out of the garbage stream. Wisconsin’s recycling law bans the landfilling or incineration of recyclable materials.

How to Recycle
Identify which items are recyclable (see page 6); rinse any plastic, glass, or metal recyclables and place them in your recycle bin. Recyclables are picked up every other week. To learn when your collection day is, or to order a second recycling bin, call 262.925.6700. A second recycling bin can be delivered free of charge.

Disassembling bulk items to smaller than 3 feet by 18 inches and fewer than 50 pounds enables you to dispose of them as solid waste (at right).

### Computers and Televisions
You can also call to have your old computer or television collected as a special pick-up. Pick-up for these items (TV or computer) will be scheduled on Fridays. A tiered fee is charged for each item. More information about computer and television disposal is available on page 9, at PleasantPrairieWi.gov or by calling 262.925.6700.

### Solid Waste
The Village of Pleasant Prairie considers garbage other than typical household waste to be solid waste. Examples of solid waste are clean lumber, carpet and padding, plywood, drywall, windows and scrap. In order to have solid waste items collected, they must be no larger than 3 feet by 18 inches and weigh no more than 50 pounds. Items must be small enough to fit into your garbage cart.

Carpeting, padding and rugs must be cut or folded into 3-foot widths and be rolled and tied or taped. The weight limit per roll is 50 pounds.

Windows can be no larger than 3 feet by 18 inches. Tape an “X” with heavy duty tape across the glass on both sides to prevent breakage.

Lumber must be cut into 3-foot lengths or smaller, tied or taped into bundles, or placed in your garbage cart.

Paneling, plywood, drywall and plaster board must be cut into sections no larger than 3 feet by 18 inches and bundled, bagged or placed in your garbage cart. The weight limit is 50 pounds per bag, cart or bundle.

Then drop your holiday tree inside the fenced area. Holiday Tree Drop-off sites are for Village residential use only.
Options for Disposal of Televisions and Computers

Because it is illegal to dispose of your old televisions and computers along with your regular garbage, the Village of Pleasant Prairie offers two options to help you dispose of these items. You can choose either a curbside collection or a drop-off option. While curbside collection can sometimes be more convenient, the drop-off option offers you a cost savings. The Village has a tiered fee schedule that takes into account various television sizes and the type of television.

To Schedule a Pickup
If you would like to schedule a curbside collection for your old television or home computer, call the Department of Public Works at 262.925.6700 by noon on Thursday to schedule a pick-up for the following day, Friday. The fee associated with your pick-up will be added to your monthly Utility Bill.

These items will be scheduled for pick-up on Fridays only. If you need to reschedule for any reason, please call and cancel by noon on the Thursday prior to the scheduled collection. You will be charged for any collection canceled after 4:00 p.m. on the Thursday prior to your collection.

To Use the Drop-off Option
If you would prefer to drop off your old television or home computer at the Residential Recycling Center, simply visit the center during the hours listed on page 11. A member of the department will take your information, determine the fee associated with your particular television size and type, and direct you to the drop-off location. The fee for the items you drop off will be added to your monthly Utility Bill.

Options and Costs
For more information about your computer and television disposal options and the associated costs, please visit PleasantPrairieWi.gov or contact us at 262.925.6700. If you have questions regarding the information above, please contact the Public Works Department at pw@plprairie.com or at the number above, Monday through Friday, from 7:30 a.m. until 4:30 p.m.

Options for Disposal of Miscellaneous Electronic Items

- desktop printers, including printers combined with fax machines, scanners and copiers
- video display devices of at least 7” long in the longest diagonal dimension, including TVs, laptops and computer monitors
- computer peripherals, including keyboards, mice, hard drives, scanners, speakers, flash drives, external modems and other devices
- DVD players, DVRs, VCRs and other video players
- fax machines
- cell phones

To learn more about E-Cycle Wisconsin, please visit dnr.wi.gov/ecyclewisconsin.

How to Dispose of Banned Items
Village residents needing to dispose of electronics items listed above may use the Residential Recycling Center, located at 8000 128th Street, or you may call to schedule a curbside collection. Miscellaneous electronic devices, including DVD players, DVRs, VCRs and other video players, may be dropped off at the Residential Recycling Center for a $5 fee per item. For curbside collection costs, please visit PleasantPrairieWi.gov or contact us by phone at 262.925.6700.

If you have questions regarding your electronics recycling options, please contact the Public Works Department at pw@plprairie.com or at the number above, Monday through Friday, from 7:30 a.m. until 4:30 p.m.
Residential Leaf Collection

As part of the Solid Waste Services provided to Village residents, on a seasonal basis, Village crews collect loose, unbagged leaves directly from your curb or roadside. Below at the right, you will see the 2021 leaf collection schedule. In order to have your leaves collected, please follow the steps below. The guidelines help keep leaf collection on schedule and help keep costs lower for the community.

Leaf Collection Guidelines
- See the leaf collection map at right to identify your collection zone.
- See the leaf collection schedule at right to determine your collection dates.
- Have loose leaves ready by 7:00 a.m. on your collection dates.
- To prepare your leaves, rake your loose, fallen leaves into a pile at your curb or on your roadside.
- **Leaves must be within six feet of the asphalt road to be collected.**
- Please keep leaves off the asphalt.
- For residents with curbs and gutters, please place loose leaves on the grass by the curb.
- For residents with a ditch line, please place loose leaves on the grass along the roadside of the ditch.
- Because leaves are vacuumed into the collection truck, they must be piled loose.
- Bagged leaves or grass, branches and other yard waste will not be collected.
- **Do not mix other yard waste, such as potted/garden plants or branches, into your pile of leaves. Doing so can damage the leaf collection vacuum and may cause costly delays. Leaves mixed with other yard waste will not be collected.**

Please keep in mind that though collection staff abides by the schedule at the right, there are certain circumstances that may delay collection by one or more days. These circumstances could include: unanticipated delays due to weather, emergency situations that may draw staff away from their regular duties, or damage to collection equipment which would require repair or unscheduled service.

If you miss your collection dates, yard waste can also be dropped off at the Residential Recycling Center at 8000 128th Street. For a complete schedule of Residential Recycling Center hours, please see page 11.

We all live in a watershed
Each of us can have a positive impact on the future of our local waters

While our local waters are healthier than they were a decade ago, they still face major challenges. One such challenge is non-point pollution, which is carried to our rivers and lakes by stormwater and snow melt. Larger storm sewers or treatment plants won’t solve this challenge; this challenge requires community action.

Stormwater runoff is the rain and melting snow that flows off of streets, rooftops and lawns. The flowing water carries road salts, sand, soil, pesticides, fertilizers, leaves and grass clippings, oil, litter and many other pollutants into nearby waterways. Each of us contributes to stormwater pollution, and each of us can help stop it.

Here are some ways you can contribute to cleaner waters:

- Inspect your car regularly and repair oil and fluid leaks
- Take your car to the car wash or wash it on your lawn
- Mulch grass clippings, leave them on your lawn or compost them
- Clean up after your pets at home and when out-and-about
- Direct downspouts into rain barrels, your yard, or your garden
- Test your soil before you fertilize
- Plant a rain garden or a tree
- Dispose of hazardous wastes properly

Visit www.respectourwaters.org to learn how you can preserve this natural resource by attending upcoming workshops and events and by watching public service announcements.

Protect families and our water supply with medication collection

Unused pharmaceuticals kept in your home beyond their original intended use can cause harm to people if taken accidentally or intentionally misused. Drug abuse prevention forces and environmental groups encourage all of us to properly dispose of unused pharmaceuticals.

Disposing of pharmaceuticals can make them inaccessible to children or people at risk of addiction, while disposing of them correctly keeps these medications from further contaminating our drinking water supply.

- Don’t flush medications down your toilet
- Don’t dump medications down your drain
- Use medication collection sites
- Watch local news for medication collection events

A permanent medication drop box (available 24 hours a day, seven days a week) is located in the lobby of the Pleasant Prairie Police Department at 8600 Green Bay Road. A list of acceptable items is printed on the outside of the box (you cannot deposit inhalers, needles, or sharps in the box).

To have the box be more efficient, remove unwanted medications out of its original container and place into a resealable plastic zipper storage bag (see top image). Liquid medications can be kept in their individual containers but must be put in a separate resealable plastic zipper storage bag (see bottom image). You can learn more about medication collection sites throughout Kenosha County by visiting www.kenoshacounty.org/314/MedicationNeedle-Disposal.
Mission: To promote and preserve investment in our community.
Enhancing our existing and future development, infrastructure, employees, heritage, and values.

Mission and Core Values

Vision
Vision is about having the foresight to plan and move toward the future with imagination and wisdom. It is a sign of leadership; having vision provides a path and motivates us to look beyond ourselves and reach our goals.

Professionalism
We are professional and take pride in demonstrating dependable, well-educated work. Professionalism is about being courteous to others and making conscientious decisions. The Village places value in the relationships built with others and puts effort into building a community that cares about the people and their lives.

Collaboration
The Village believes in collaboration and understands the best ideas can come from any level of the organization. There is a sense of team and a willingness to work for the good of the whole community. The best outcomes arrive when everyone works together by sharing information, building on ideas, and thinking creatively to achieve a common goal.

Quality
The ultimate result and aim of our efforts is quality. The Village of Pleasant Prairie sets a standard of excellence worthy of admiration and replication. The Village can provide top-quality municipal services to our residents because we hire top-quality people.

Our Mission
The Village of Pleasant Prairie has a mission to promote and preserve investment in our community.

Typically investment is associated with business and development; however, for the Village of Pleasant Prairie, investment in the community extends beyond enhancing current and future development. It is exhibited in the infrastructure, heritage, and employees.

Our Values
The Village demonstrates four core values, promoting and preserving investment through vision, professionalism, collaboration, and quality. These attributes can be seen throughout the Village in day-to-day operations.

The four Village Values, defined on the right, keep the Village on the right path to fulfill goals and provide consistent services to the community.

Members of the Village Board and employees of Pleasant Prairie wish you a safe, healthy and prosperous 2021!

The residents of Pleasant Prairie are the reason for our work. We thank you for being active and engaged citizens by attending Village meetings, participating in the electoral process and providing us with constructive feedback. The collective efforts of all who live and work in the Village make Pleasant Prairie a great destination to visit, but an even better location to operate a business or make a home.

A special thank you to the residents that submitted photos to the Seasons in the Prairie photo contest. Not only did it aid in the creation of this calendar, but it also brightened people’s days with beautiful photos when shared on Village social media channels.
